

OLAYODE RACHEAL OLUWAYEMISI

FULL STACK WEB DEVELOPER

09152026763 | destinifeoluwa@gmail.com

[Portfolio](#) | [Github](#) | [Linkedin](#)

Professional Summary

Result-driven Full Stack Developer with hands-on experience in both frontend and backend development. Skilled in building clean UIs, scalable APIs, and responsive websites using React, Node.js, MySQL, MongoDB, Wordpress, JavaScript, HTML, CSS and TypeScript. Passionate about solving real-world problems for startups and small businesses. Currently exploring SaaS development and digital marketing tools to boost product impact.

Skills

- **Frontend:** React, HTML5, CSS3, JavaScript (ES6), Tailwind CSS, Bootstrap
- **Backend:** node.js, Express.js, TypeScript
- **Database:** MySQL, MongoDB
- **CMS & Deployment:** WordPress, Render, Vercel, Netlify, Railway
- **Dev Tools:** Git, GitHub, Rest APIs, Prisma, Notion, Slack, Trello, Fireflies.ai
- **Currently Learning:** Paid Ads (Oguntechies)

Experience

Full Stack Developer (Freelance & Personal Projects)

2024 – Present

- Built and deployed a full stack **Task Manager API** with user auth, task CRUD, soft delete, Email notifications, and JWT using Node.js, Express, and MySQL.
- Developed **Gidipitch Backend** using Node.js, Express, Redis and Mongodb, for generating pitch decks via AI prompts.
- Built a responsive **WordPress Agricultural Farm Site** using Elementor and basic SEO for a real business.
- Currently building a **Dispatch Rider Tracking API** (Prisma + MySQL + JWT) with booking and live GPS logic.
- Developing a **SaaS Productivity Platform** with modular architecture, task scheduling, and pro-tier features.

FULL STACK DEVELOPMENT INTERN – Brainwave Tech (Remote)

Starting August 2025

- Accepted into upcoming internship focused on full stack web development
- Will be working with modern tools like: React, JavaScript, TypeScript, Node.js and REST APIs.
- Training to contribute to real-world product development and team workflows.

FRONTEND INTERN – Cyncra Technology (Remote)

July 2025 – Present

- Contributing to UI implementation in a React + Tailwind codebase.

- Collaborating with designers and backend devs to build clean components.
- Participating in team stand-ups and Git-based workflows.

FRONTEND INTERN – Codsoft (Remote)

March 2025 – April 2025

- Completed tasks involving HTML/CSS layouts and JavaScript logic.
- Built responsive pages under supervision with mobile first principles.
- Gained experience in debugging and working in structured environments.

Education & Certifications
